[gwinnettmedicalcenter.org/lawson](http://gwinnettmedicalcenter.org/lawson)

medicaid is a health insurance program funded by states and the federal government to provide coverage for low income people, including families, children, elderly and the disabled

[gwinnettmedicalcenter.org/classes](http://gwinnettmedicalcenter.org/classes)

(and at least 10 of those with dysthymic disorder go on to develop major depression.)

[gwinnettmedicalcenter.org](http://gwinnettmedicalcenter.org)

in this system, the transporters and dealers, not the cultivators, make most of the money
